

DRIVING SUSTAINABILITY CAREERS FOR WOMEN IN BUSINESS:

ONLINE MENTORSHIP PROGRAMME

CALLING FUTURE SUSTAINABILITY LEADERS!

Are you a female student passionate about creating a more sustainable future?

We invite you to be part of our exciting online mentorship project!

ABOUT THE PROJECT

We're offering you the chance to connect directly with industry experts through an engaging and supportive mentorship programme. This initiative, funded by the British Council, is dedicated to promoting gender equality by addressing the gap between female students' career aspirations and the realities of working in sustainability-related business fields.

WHY SHOULD YOU JOIN

If you're considering a career in sustainability or wish to explore more about careers in sustainability, whether in environmental management, renewable energy, social development, corporate sustainability, or related fields, this is an invaluable opportunity to:

- Connect with experienced sustainability practitioners
- Gain practical knowledge about real-world careers in the field
- Get career advice and build confidence to break barriers
- Learn how to navigate challenges and opportunities in sustainability careers
- Be part of a supportive community of like-minded, passionate students

WHAT TO EXPECT

Between **September and October 2025**, you'll participate in an **online mentorship programme** where small groups of female students will be paired with industry mentors. These sessions are designed to empower you with career insights, advice, and encouragement, helping you take those important first steps toward your future in sustainability.

**APPLY TO BE
A MENTEE
NOW!**

Apply by 10 August 2025
<https://lncn.ac/scgementee>

Your participation will not only shape your own career journey but also help build a more inclusive and equitable future for women in sustainability. Let's build it together, starting with you.

The project is part of collaboration between:

The University of Lincoln (UK), the North-West University (South Africa), University of Cape Coast (Ghana), Botswana Accountancy College (Botswana), and Monash University (Australia).

Funded by

**Supported by funding from the British Council's
Going Global Partnerships programme.**

Going Global Partnerships supports universities, colleges and wider education stakeholders around the world to work together towards stronger, equitable, inclusive, more internationally connected higher education, science and TVET.
